Modernization of Local Sewage Plant Is Studied

Victor Kasser, Engineer, Reports to Village Board on Survey

Contemplated improvements in the Antioch sewage system were discussed in detail at a recessed meeting held by the Antioch village board Tuesday evening to hear reports from Victor H. Kasser, municipal engineer. Plans for modernization of the sewage plant are being made in line with recommendations received from the Illinois state board of health.

The improvements, based on Kasser's preliminary survey, would involve a new stone filtering bed, machinery, materials and labor at a total estimated cost of about \$28,000. It was pointed out that whereas the present plant does not function through some months of the year, the modernized plant would operate during all 12 months.

It would eliminate the periodic renewal of the gravel beds that is now necessary, at an approximate expense of about \$2,000 each time, but would require practically full time attention from an attendant, as well as electrical service for equipment, and other operating expenses of a minor nature.

Should Last Well Under normal conditions, however, it should function for perhaps 20 years without requiring major repairs, Kasser told the board, and should amply care for the needs of the village during that period, even should there be considerable expansion in the size of the community.

While improvement of the plant could not be done at the present time because of war conditions, advance plans should be made with regard to financing the project, it was brought out during the discussion. Among the financing plans favored were the issuing of revenue bonds and the levying of a sewer service charge to be handled in connection with that made for water service.

The levying of a sewer service charge would help in the advance accumulation of funds which could be applied toward the project, and would lower the sum for which bonds would have to be issued. Kasser has engineered the construction of similar plants at Hebron and Marengo, and he gave reports on the operation of these plants.

Walter E. Hall, Venetian Village, Buried in Rosehill

Services Held in Chapel There Friday for Lake Villa Man

Funeral services for Walter E. Hall, 63, of the Venetian village subdivision, Lake Villa, were held Friday afternoon at 2:30 o'clock in Rosehill chapel, Chicago. Burial was in Rosehill cemetery.

Hall had been in ill health for ten months prior to his death last Wednesday in St. Therese hospital. Until his retirement he had been a social worker with the United States Employment service.

He was born in Delphi, Ind., and came to Waukegan in 1942. Surviving are his wife, Edna; two sons, Everard, Chicago, and Lt. Charles Hall, serving with an anti-aircraft division of the U. S. army in China; two daughters, Mrs. Ruth Simonds and Mrs. Dorothy Seedorf of Lake Villa, and three grandchildren.

Two sisters also survive, Mrs. Beatrice Young, Portland, Ore., and Miss Blanche Hall of Manteno, Ill.

Village Treasurers May Now Succeed Themselves

Antioch village officials have just been notified of the passage and ratification of Senate Bill No. 7, which repeals that section of the Cities and Villages Act which provides that city treasurers could not hold office for two consecutive terms.

In a letter received by the Antioch municipal officials from A. L. Sargent, executive director of the Illinois Municipal League, it is pointed out that "The result of this is that all city treasurers may succeed themselves in office as many times as they can be re-elected."

"It is now too late for any city treasurer to place his name on the ballot in those cities which have primaries, but this is not true in all those who do not come under the primary law."

Canning Sugar to be Limited to 20 Pounds

Allotments of canning sugar for 1945 will be 20 pounds for each member of the family up to eight, instead of 1944's allotment of 25 pounds per person, with no limitation on the number of persons in a family receiving it.

OPA district offices will announce when issuance of coupons for the 1945 canning sugar will begin and end in each area. No applications will be accepted in any area after Oct. 31.

The allowance for canning fruits and fruit juices will be on the basis of one pound of sugar for each four quarts to be canned.

In applying for sugar for home canning, housewives will use OPA form R-341 and attach a "spare stamp 13" from war ration book No. 4 for each member of the family covered in the application.

HENRY LUBKEMAN, JR., WOUNDED IN PHILIPPINES

Pfc. Henry Lubkeman was wounded by shrapnel in the Philippines campaign on Feb. 4, he writes to his parents, Mr. and Mrs. Henry Lubkeman, Channel Lake. Pvt. Lubkeman, who has nearly completed two years of overseas service, has also seen duty in New Guinea and the Marshall Islands.

LT. BAETHKE COMPLETES FIRST BOMBING MISSION

Second Lieutenant Ray W. Baethke, 21, a bombardier, son of Mr. and Mrs. Walter H. Baethke of 911 Main street, Antioch, and a former student at the University of Iowa, recently completed his first combat bombing mission over enemy territory from an Eighth Air force B-17 Flying Fortress station in England.

Their Forts were part of a formation attacking a German railroad yard at Hohenbudberg, through which the Nazis had been moving supplies for their front line troops.

The mission climaxed a long period of training, both in the States and since arriving at the station overseas, where the men received a refresher course in high altitude flying, first aid to wounded, gunnery, communications and ditching procedure in the event their Fort should be forced down at sea.

Lt. Baethke is a member of the 388th Bomb group, a unit of the Third Air division, the division cited by the President for its shuttle mission to Africa when Messerschmitt plants at Regensburg were bombed.

S/SGT. LESTER C. PERRY IS AWARDED BRONZE STAR

S/SGT. Lester C. Perry of the 299th infantry is among the men of the 100th division, Seventh army in France, who have received bronze stars in recognition of individual bravery and ability under fire.

The awards signaled the part these men played in three months of the division's fight through the Vosges mountains and the Alsatian-France sectors of the western front.

During the past month, the 100th met the Germans' counterdrive on the Seventh army front with such effect that it was commended by Lt. Gen. Jacob L. Devers, Sixth army group commander.

"Your great accomplishments," Gen. Devers' commendation read, "forced the enemy to give up the offensive action on your front. Inflicting great losses to strong elements of three divisions, you have successfully protected an important sector in the Hardt mountains."

Entering combat last fall in the rugged mountains about the Maurthe river, the 100th, under the command of Maj. Gen. Withers A. Bures of Richmond, Va., broke the proposed German line at Roan L'Etape and joined with other Seventh army troops in the drive toward the Alsatian plains and the Rhine. In the sweep up the Saales Pass, the Century took towns that included St. Blaise and Schirmeck.

More recently, the 100th entered the push for the most heavily defended portion of the southern Maginot line at Bitche. In extremely hard fighting, against last-ditch German stands, the 100th captured famous Fort Schiesseck near Bitche and breached the Line prior to the German counter-offensive on the Seventh army front.

Antioch Women, Driver of Truck Accident Victims

Mrs. Gruidl, Mrs. Barnstable Hurt When Vehicles Collide in Fog

Private services will be held for the infant son born to Mr. and Mrs. Russell Barnstable Tuesday night in the Kenosha hospital. The baby was dead at the time of its birth and the body was removed to the Crossin Funeral home. Burial will be in the Hillside cemetery.

Mrs. Barnstable had been a patient in the Kenosha hospital since last Thursday afternoon, when the automobile in which she and a sister, Mrs. Ray Gruidl, were driving to Kenosha was involved in a collision at Benson's Corners.

The car in which the two Antioch women were riding, with Mrs. Gruidl as the driver, was proceeding east on Highway 50 when it collided at the Highway 45 intersection with a truck owned by the Kappella Distributing company of Ingleside.

Mrs. Gruidl was thrown from the car by the impact and sustained cuts and severe abrasions about the face, as well as bruises, although the fur coat she was wearing is believed to have protected her from being more badly injured than she was.

Mrs. Barnstable suffered from bruises and shock. The truck driver was also removed to the hospital, but was released after receiving first aid and medical attention.

Did Not See Each Other The Gruidl car, which was badly damaged, was towed to the R. and J. Chevrolet garage here. The truck, which was loaded with kegs of beer, was also damaged and a part of its cargo was jolted to the pavement. It was brought to the Antioch Ford garage for repair.

None of the three persons involved in the accident was able to account for its cause, although a heavy fog which shrouded the highways Thursday afternoon was believed to have prevented each of the drivers from seeing the other's vehicle until they were so close that the collision could not be avoided.

While the intersection is marked by a traffic light, neither driver could recall having seen it or having noted which had the right-of-way.

A & P Company Pays Tribute to Its Founder

The originator of straight-line food distribution was honored this past week by the Great Atlantic & Pacific Tea company in its local observance of Founder's Week.

"The event this year comes at a time when both our fighting forces and our home front enter the most decisive phase of the war," J. P. Smith, vice-president for the company in this area, declared today. "It is celebrated with pride in the knowledge that the business principles of George Huntington Hartford, who founded the A&P in 1859, have enabled the company to lend its full strength to the war effort."

At the outset of the fourth year since the establishment of the food chain, John A. Hartford, company president and son of the founder, issued a signed statement pledging the A&P to continue efforts to cut the cost of bringing food from producer to consumer; to assist farmers in the orderly marketing of their products at fair prices; and to hold down living costs by selling food at the lowest margin of profit in the history of the retail grocery business.

Smith declared that in addition to following the terms of its pledge, the company has kept faith with its founder by adhering strictly to government pricing and rationing programs, as well as cooperating in conservation and salvage campaigns.

Local Organization of PMA Elects Winfield

A meeting to be held in March and a dance to be sponsored sometime in the near future are among the events being planned by the Antioch local unit of District No. 7, Pure Milk association.

Ray Winfield of Bristol was re-elected president of the organization at a meeting held recently in the village hall.

Other officers, also re-elected, include William Walker, Lake Villa, vice-president; Harry Tillotson, Fikeville, secretary; Wilbur Hunter, Antioch, director.

Peter Toft and Robert Runyard are delegates.

Marian Rigby Is Appointed New Local Librarian

Succeeds Betty Lu Williams at Antioch Township Library

Mrs. Marian Rigby, who has been appointed by the Antioch Township Library board to succeed Miss Betty Lu Williams as librarian, has entered upon her new duties this past week.

Mrs. Rigby was in the employ of the Antioch store of the Atlantic and Pacific Tea company for the past nine years. While Earle Gibbs, manager, was away on a several months' leave of absence last summer she served as manager.

Before entering the service of the company, she was employed in the Antioch News office. She is a graduate of Antioch Township High school.

Betty Lu Williams served as assistant librarian one year and as librarian for the past two years, succeeding the late Miss Mary Stanley, Antioch's first librarian, who had retired after 17 years' service in the organization she was instrumental in founding.

Accepts Position in Alabama Miss Williams left Jan. 15 for Birmingham, Ala., where she and Miss Geraldine Noe, former assistant librarian here, have both accepted positions.

Miss June Kutil has been acting as assistant librarian since Miss Noe left for Alabama the latter part of November.

Large Attendance at Meeting Pleases Horton

Appreciation was expressed today, by Joe Horton, Sinclair agent at Antioch, for the fine turnout and great interest shown in the Sinclair Farm meeting Monday in the Salem Opera house.

"It is gratifying to find that our efforts to help ease the farm labor problem met such general approval," Horton said. "The American farmer is still faced with the world's biggest agricultural job and he is out to do it. Farmers have contributed mightily to the war effort of the United States and our allies."

"The farmer deserves wholehearted support from all of us. We hope our farm meeting and the ideas presented there will serve to lighten the job for many farmers."

"Many requests have been received for copies of the folder describing 'Farm Work Simplification,' Horton states, 'but copies are still available for those farmers who are interested.'"

Bus Company Plans to Improve Antioch Service

Improvement of bus service between Antioch and Waukegan is being planned by the American Coach company, according to Henry R. Palm, district manager, who has been making a survey of the number of persons who are employed in industries along the lake shore and of the shifts on which they are working. Call for additional bus drivers is also being made by the company.

Assessments for Roadways to Be Submitted in Apr.

Voters Will Pass Upon Renewal of '39 Assessment and Additions

A petition for renewal of assessments for funds to "re-seal" a number of the black-top roads in Antioch township will be presented to voters of the township at the election on Tuesday, April 3.

The petition also asks that four roads be added to the list, for the purpose of applying to them a coat of the "black-top" sealer. These additional roads include sections of the Trevor, Pikeville, Silver Lake and Deep Lake roads.

The assessments for 14 of the roads were originally voted at a special election in 1939, for a five-year period which has now elapsed. Since funds for the roadways are not received until a year after the assessment is voted, renewal of the assessment at this time would insure a continuance of the fund without any lapsed period, township highway officials point out.

Five years is the longest period for which such an assessment may be voted, under the Illinois state law.

The roadway areas included in the present petition are, in detail, as follows:

Voted in 1939--

Sylvan Beach road from its intersection with State Bond issue route 21, thence westerly thru sections 5, 6, and 1 for 2.1 miles.

West Channel Lake road from its intersection with State Bond issue route 173, thence north thru sections 14, 11, and 2, for 1.3 miles.

Beach Grove road from its intersection with State Bond issue route 59, thence west along the south lines of sections 18, and 13 for 1.3 miles.

Pikeville road from its intersection with State Bond issue route 21 in section 5, thence easterly 1.7 miles. Shady Nook road from its intersection with State Bond issue route 173 in section 14, thence south 0.3 miles.

Pavilion road from its intersection with State Bond issue route 173 in section 14, thence northeasterly through sections 14 and 11 for a distance of 0.5 miles.

Tiffany road from its intersection with State Bond issue route 173, thence north thru section 7 for 0.8 miles.

Queen of the west road from its intersection with State Aid route 18, thence south thru sections 24 and 25 for 0.9 miles.

Indian Point road from its intersection with State Aid route 18 in section 26, thence southerly thru sections 26 and 35 for 0.9 miles.

Herman's road from its intersection with State Aid route 18 in section 24, thence northerly thru section 24 for 0.4 miles.

Wildwood road from its intersection with State Aid route 18 on the west line of section 34, thence southerly thru section 34 for 0.9 miles.

Additions to List

Trevor road from its intersection with the south line of section 6, thence north 0.5 miles.

Pikeville road from its intersection with the west line of section 3, thence easterly thru sections 3 and 2 for 1.8 miles.

Silver Lake road from the village of Antioch thence easterly thru sections 8 and 9 for 1.4 miles.

Deep Lake road from the southeast corner of section 21, thence north 3.25 miles to an intersection with Pikeville road.

The petitions being circulated call for a vote at the next annual town meeting "for or against an annual tax, not to exceed thirty-three and one third cents on each one hundred dollars assessed valuation of all taxable property, including railroads, in said township, for the purpose of constructing or improving and maintaining" the above-mentioned roads.

Renewed Effort Asked in Meeting Bond Quota

January sales of E, F and G bonds in Lake county were only 82 percent of the quota set for the county, whereas nation-wide sales for the month were 104.9 percent, R. A. Burgess of Zion, chairman of Division A, Lake County War Finance committee, writes to Otto S. Klass, local chairman.

Burgess adds—"Lake county has always been at the top in war bond sales and should not be lagging behind now."

"Will you please take some action to further advertise and promote the sales of E, F and G bonds for future months?"

Spastic Paralysis Victims Are Ignored; Face Living Death

Spastic paralysis is chaining and torturing approximately 150,000 persons in the United States, and practically nothing is being done to alleviate their suffering. Despite the recognized fact that proper treatment can rehabilitate most of these victims, less than 500 of them will eventually be released and given their chance for happiness.

Startling facts concerning this little known disease, which claims such a large number of persons and condemns most of them to life in institutions for the feeble-minded are contained in an article, "What Is Spastic Paralysis?" written by the mother of an infant victim for the February issue of Good Housekeeping magazine.

Only one child in 3,000 victims of spastic paralysis is receiving effective therapy in a school established primarily to serve this purpose, according to the writer. As to what happens to the others, she states:

"A few of them remain helplessly at home—their keen, active minds (for the mind of the spastic child often is above average) chained in inactive bodies—every phase of their existence a continual heartbreak to themselves and to their families.

"The fate of the rest is unmitigated horror. These children are truly buried alive. They are placed in hospitals for the feeble-minded for the rest of their lives."

One of the pioneers in the treatment of spastic paralysis is Dr. Earl R. Carlson, formerly in charge of the Department of Motor Disability at Columbia Medical Center. Himself a spastic, Dr. Carlson fought it successfully and evolved a technique of treatment which has since had marvelous results.

In a plea for national awareness of the plight of these helpless children, the writer urges that victims of spastic paralysis be given the same opportunities for treatment as victims of infantile paralysis receive thanks to the work of the National Foundation for Infantile Paralysis.

She urges that teaching centers be located at strategic points in the United States from which the work of spastic rehabilitation could be guided, and quotes Dr. Carlson as saying that establishment of these centers would mean that there would then be no place where a spastic child could not have easy and positive access to treatment and training.

The Leader—Industry or Agriculture?

"A sentence in the learned and generally sensible report (Dec. F. J. p. 76) of the Land Grant College Committee on Post-War Agricultural policy shocked me to the heels. The sentence ends with '... the fact that prosperity on the farm is dependent on high employment and full production in useful non-agricultural enterprises.' I cheerfully agree that high industrial employment is indispensable to a prosperous commercial agriculture. I will also concede that in countries whose exports are their main reliance, agriculture's state is of lesser consequence. But the United States is very unlike such countries as England or Holland. Americans do about 95% of all their business with each other. About half of Americans derive their incomes either first hand or second hand from farming. The prosperity and employment in industry follows production of new farm wealth. Rural prosperity makes city prosperity, and there's no vice versa about it. Historically that's the way America came up; economically that's the way America goes up and down. I am not surprised when city people fail to grasp this principle, but I am shocked when agricultural college people and farm organization men fall into the mantrap of applying British economics to America's wholly different conditions."

"Daniel Webster's famous words, 'When tillage begins, other arts follow,' are printed in the 'mast-head' at the top of this column. No one ever expressed more concisely the most fundamental fact of economic progress. Without farms to produce foods and raw materials, and to create a huge market, industrial arts could not flourish. C. J. Claassen, the able head of the Farmers National Company of Omaha, managers of thousands of acres of farm land, has been conducting a one-man campaign for widespread use of Daniel Webster's words, to remind the public that national prosperity really does rest on an agricultural base. I believe he has a sound idea."

Ted Adams Funeral Services Attended By Large Gathering

Many friends of the late Edward ("Ted") Adams, widely known Fox Lake athlete, gathered in the Strang Funeral home Saturday afternoon, Feb. 10, to pay their final respects to him.

Burial was in Hillside cemetery. Adams was born in Guelph, Ontario, Canada, Oct. 14, 1904. He played on the Pepsi-Cola team in the Chicago Amateur league and was active in promoting athletic events in the Fox Lake region. He was a member of the Fox Lake fire department and the owner of Ted's tavern.

Survivors include his wife, Dorothy, and their four daughters, Dorothy, Patricia, Mary and Althea; his mother, Mrs. Ella Adams of Winnipeg, Canada, and two brothers, Dudley, of Vancouver, and Donald, who is in military service in India.

At a coroner's inquest held in Des Plaines after his death, it was established that Adams died as the result of a basal skull fracture received when his car collided with a bus at the entrance to the Douglas plant on La Grange road, Park Ridge, Wednesday. His death occurred in the Northwestern hospital, Des Plaines, to which he was removed after the accident.

Collector's notice—I will be at the following places, on the dates and hours named, to receive the taxes for Antioch township for 1894—Antioch every Saturday, 7 to 3; Lake Villa, Tuesday, 7 to 3; Millburn, Thursday, 10 to 2. Ira M. Simons, collector.

A sleighload of Antioch young people attended Mrs. Merrill's concert at Silver Lake Tuesday evening. They had the usual tip-overs, but enjoyed the trip immensely.

Henry Stanton of Fox Lake was obliged to go to Lake Villa to meet the train Friday afternoon for H. P. Meyer. He says the team fell down going through drifts three times, he had to dig the snow some places over fifty rods before he could get out, and the blizzard filled up the gap almost as fast as he could shovel it out. Child Aid Gains, Old Age Pensions Decrease

Lake county received \$4,333 during January for state aid to 230 dependent children, according to a report received from State Auditor Arthur C. Lueder.

The total for the state amounted to \$965,592, an increase of \$13,462 over December, Lueder stated.

January payments of old age pensions in Lake county amounted to \$23,436, with 769 beneficiaries. The state total was \$3,830,639, a decrease since December.

Repairs for Dam at Wilmot are Planned

A survey preparatory to making repairs on the dam across the Fox river at Wilmot has been completed by a hydraulic engineer and a report has been turned in by the highway committee of the Kenosha county board.

Members of the committee include A. G. Hartnell, Peter Epping and H. C. Copen.

During the past several years, high waters and eddy currents at the base of the dam have caused erosion that is now threatening to bring about its collapse.

State Approves Five County Road Projects

Among the five Lake county highway improvement projects that have been approved by the state division of highways are the following:

Gravel or crushed stone surface, 3.1 miles from Highway 45 just south of Wedge's Corners west to Highway 21, at an estimated cost of \$48,000.

Variable width bituminous surface, 3.88 miles east from Millburn to Highway 41, \$39,000.

Gravel or crushed stone surface, 3.31 miles on State Line road from Sheridan road in Winthrop Harbor west to Highway 131, \$48,000.

Bituminous surface, 3,722 feet from Cook county line at Buffalo Grove north to Route 83, \$9,000.

Gravel or crushed stone surface, 2.1 miles from Route 59 north of Tower lake west and north to McHenry county line \$44,000.

Oldest Party

The Labor party is the oldest of the three main Australian parties. The United Australia party and the Country party usually vote together, and in the Federal Parliament have formed seven coalition governments since 1923.

Some Rules About
Flag Made Known

The part that the American flag plays in memorial services or funeral services for members of the armed forces is stressed in an article by Chaplain Ralph Godfrey Saxe, appearing in an issue of The Christian Advocate for Feb. 1, 1945.

The article, to which attention was called by the Rev. W. C. Henslee of the Antioch Methodist church, says in part:

"An American flag, a gift of the United States government, may be obtained. At funerals, the flag always comes draped over the casket. But many people do not know that a flag may be obtained for a memorial service. All that is necessary to get such a flag is to go to your postmaster or to the postmaster at the county seat, show him the telegram or official notification of death and sign a receipt. If, later on, the body is ever returned to this country, no other flag is issued. But the family may have this flag now.

"At a memorial service it is very suitable to have this flag properly laid over a table in front of the auditorium where the casket would ordinarily be placed. A picture of the deceased may be hung above it or back of it, but should not be placed on the flag itself."

The Fox Lake and Waukegan post offices have officially been designated as those from which Lake county residents may obtain flags for such services, according to John L. Horan, senior vice commander of the Tenth District American Legion.

Excerpts from Flag Code
A copy of flag code, as furnished through the courtesy of Horan, includes, among others, the following rules and customs—

"It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstays in the open. However, the flag may be displayed at night upon special occasions when it is desired to produce a patriotic effect."

"The flag, when carried in a pro-

cession with another flag or flags, should be either on the marching right; that is, the flag's own right, or, if there is a line of flags, in front of the center of that line."

"The flag should never be fastened, displayed, used or stored in such a manner as will permit it to be easily torn, soiled, or damaged in any way."

"The flag, when it is in such condition that it is no longer a fitting

emblem for display, should be destroyed in a dignified way, preferably by burning."

It is also pointed out that the flag should never be used as a decoration, but that red, white and blue bunting should be used instead, with the blue side uppermost.

ILLINOIS BELL
TELEPHONE COMPANY

Our life lately has been one continuous "Treasure Hunt" for scarce materials needed to keep the telephone system in repair and service up to standard.

We've searched high and low for re-usable materials... dug up unused wires left underground... redesigned working parts to use as substitutes... reconditioned and converted old equipment... frequently performed the near-impossible to give the best service to the most people.

If your name is on our waiting list, it means that facilities needed to give service to all who want it simply can't be had at present. As soon as sufficient supplies are available, your telephone will be installed. In the meantime, thanks for your patience.

Women...help him live again

On the battlefields of France and Italy, in the disease-laden jungles of the Pacific, he fought to give you peace, security and happiness. Now he is back...war-wounded and war-weary...and needing the gentle care and attention that only you can give him. You have an opportunity now to repay him in part for what he has gone through for you—you can help by helping him want to live.

SOCIETY EVENTS

"Home Decorations Should Be Livable," Expert Advises Club

"True and livable decoration in the home should be built around the occupants of that home, looking toward the comfort of those occupants," Miss Laura Welch of Carson Pirie Scott and Company told members of the Antioch Woman's club at a meeting Monday afternoon in the home of Mrs. George Wagner.

Miss Welch brought with her samples of material to illustrate color combinations that would blend into each other, rather than "walk away from each other," as she phrased it. She was introduced by Mrs. Barbara Madden, the newly appointed program chairman for the coming year, who preceded the introduction with a reading, Edgar Guest's poem, "The Home Builders."

Mrs. Helen Carlson, who was to have sung, was unable to be present because of the illness of a relative, and instead a musical game was enjoyed under the charge of the present program chairman, Mrs. Nina Mathisen. Fourteen grocery articles were presented as prizes, with a half-pound of country butter going to Mrs. Arthur Laursen, holder of first place.

Mrs. John Brogan, president, opened the meeting by reading the prayer which George Washington delivered before Congress in 1794—"Let us unite in imploring the Supreme Ruler of Nations to spread his holy protection over these United States; to turn machinations of the wicked to the confirming of our Constitution; to enable us at all times to root out internal sedition and put invasion to flight; to perpetuate to our country that prosperity which his goodness has already conferred; and to verify the anticipations of this government being a safeguard of human rights."

Guests for the afternoon included Mrs. Dudley Kennedy, Clarence Kufalk, Robert Runyard, Homer La Plant and Clarence Gaffey.

On the hostess committee with Mrs. Wagner were Mrs. Herman Rosing, chairman, and Mrs. Myrus Nelson.

Each member of the club is being asked to bring a book or small magazine to the next meeting of the club, to be held in the home of Mrs. A. H. Kaufmann on March 5. The books and magazines will be sent to service men's hospitals.

The Lake County Home bureau will enter upon its fourteenth year Thursday, March 1, which is the date set for the organization's annual meeting in the Libertyville Methodist church.

Miss Florence Kimmelshue of the University of Illinois, who was the first home advisor in Lake county and who is now district 4-H advisor, will give a talk and conduct the installation of new officers during the morning meeting.

A luncheon is to be served at noon, with the members of the Antioch unit as hostesses.

"Our Family, Our Community and the Future" is the subject upon which Dr. Carl F. Taesch, head of the division of program study and discussion, bureau of agricultural economics, Washington, D. C., will speak during the afternoon meeting.

There will also be a musical program, including organ, oboe and vocal selections.

The meeting will open at 10 a. m. and close around 3:30 p. m.

LAKE REGION UNIT ELECTS MRS. WHITE

Mrs. Homer White was elected president of Lake Region unit of the Home bureau at a meeting Wednesday in the home of Mrs. Charles Ferris.

Other officers and committee chairmen are Mrs. Lawrence Thayer, vice-president and treasurer; Charles Ferris, secretary; Roy Crichton and Leonard Matson, 4-H; H. E. Cardiff, publicity; Homer La Plant, recreation; Morris Bown, safety; Robert Mann, health; John Hojem, defense; Robert Runyard, Jr.

Three new members have been received into the club—Mrs. Henry Rentner, Fred Oeschmann and W. E. Nelson. Mrs. Norman Hojem is a new associate member.

Mrs. August Teichert was a guest at a meeting.

The next meeting will be held in the home of Mrs. George Murrie, March 21.

LADIES' GUILD TO SERVE LENTEN DINNER FEB. 28

Members of St. Ignatius' guild will serve a Lenten dinner Wednesday, February 28, beginning at 11:30 A. M. The ladies expect to serve other dinners during Lent.

HENRY ATWELLS SEND GREETINGS FROM PORTLAND

"We are having lovely weather here and have had all the time," the Henry Atwells of Lake Villa write from Portland, Ore. "Quite a lot of rain. Never had a flake of snow since we arrived. Everything budding and so spring-like. Just like May at home, birds and all."

ANTIOCH METHODISM MARCHES
Notwithstanding the extreme cold weather the largest congregation of the season greeted pastor of the Methodist church last Sunday. Both the Junior and Senior choirs added greatly to the service with special music. The Church School also is advancing admirably. During the last year the average attendance has increased seventy percent. The Adult class under the leadership of Miss Alice Smith affords an excellent opportunity for constructive Bible Study. Mr. M. C. Cain, teacher of the Young People's group will be glad to welcome all those of High School age and up.

Our Crusade for Christ, including our part of the Twenty Five Million Dollars for reconstruction and rehabilitation in war-stricken areas, is meeting response beyond our expectation. Contributions and pledges should be made at once. Money paid now will be put to work immediately. All who are not definitely affiliated with some other Church are most heartily invited to worship with us. Church School is at 9:45 A. M. and Worship service at 11:00 A. M.

Warren C. Henslee, Minister
Mr. and Mrs. John Psiris of Chicago were dinner guests of Mr. and Mrs. Henry A. Mau at their home at Lake Marie. Mr. and Mrs. Psiris recently purchased a home at Lake Marie.

LENAUD SISTERS TO APPEAR IN CHICAGO

Friends of the Carl Kleinod family, Crooked Lake Oaks, will have the opportunity to see the Misses Evelyn and Hazel Kleinod, duo pianists known on the stage as the Lenaud Sisters, when they come to Chicago Civic Opera house the evening of March 18 as members of the company now on tour with Veloz and Yolanda, noted dancers.

This is their third season as members of the company.

On the afternoon of March 18, they will appear in Rochelle, Ill., in a concert of classical piano music.

The Kleinods were formerly summer residents at Crooked Lake Oaks, spending their winters in Chicago. During the past two years, however, they have been permanent residents of the Lakes region.

Personals

Dick Moran, owner of the Fairway Grill on Highway 21-83 near Liberty Corners, is reported recovering from injuries sustained in a fall on the ice near his place two weeks ago. He has been a patient in St. Therese hospital.

Mrs. D. N. Deering and son Billie spent Tuesday in Chicago.

Mr. and Mrs. C. E. Hennings returned home Monday after spending several weeks in Texas.

Mr. and Mrs. James Webb returned home Thursday after spending the past three months in Miami, Florida.

Mr. and Mrs. Walter Valters, Chicago, were guests of Mr. and Mrs. H. K. Gaston Saturday.

Mr. and Mrs. James Smutney and Albert Burandt of Chicago transacted business in Antioch Tuesday, and did a little fishing at Lake Catherine, where the Smutneys have a summer home.

Mr. and Mrs. Otto S. Klass had as their guest during the weekend Mrs. Klass' sister, Mrs. Clara Shawn of Waukegan. Miss Doris Klass, who is a student at the University of Chicago, was home for the weekend.

Mrs. C. A. Wendling, who has been confined to her home in the Volk and Runyard subdivision, Channel Lake, with injuries sustained in a fall on the ice Feb. 10, is reported to be improving.

Mr. and Mrs. Robert Wilton and Mr. and Mrs. O. E. Hachmeister attended a meeting of the Rebecca Parker club, held at the home of Mr. and Mrs. John Williams at Gurnee, Sunday.

Mr. and Mrs. E. O. Bridges of Evansville, Indiana, were weekend guests of Mr. and Mrs. O. E. Hachmeister.

Mr. and Mrs. E. E. Mount have had as members of the household this winter Mrs. Mount's mother, Mrs. Lucy Umland, 91, of Delavan, Ill., and Mr. Mount's mother, Mrs. Phoebe Jane Mount, 88.

Mrs. Mount, Sr., was until about 10 years ago also a resident of Delavan. For several years she spent a great deal of time with a daughter, Miss Ruth Mount of Los Angeles, Calif. During the last two years she has lived here and with another son, Carl, of McLean, Ill.

Both Mrs. Umland and Mrs. Mount, Sr., are able to get around and enjoy life. They are both ardent devotees of fancywork and similar occupations, and their daytime hours are busy ones. The members of the household, in which they have resided since last October, refer to them as "the girls."

Brixen, Friday evening at the home of Mrs. Brixen's parents, Mr. and Mrs. Claude McBride of Millburn. Games were played during the evening, followed by a luncheon served by the hostess. Mrs. McCombs received many lovely gifts.

Mrs. Lester Nelson entertained Saturday evening at a party in honor of her daughter Jane's birthday anniversary. The guests included the Misses Dolores Smoak, Thelma Longly, Rosemary Slazes, Joan Saylor, Audrey Kalal and Jean Vos.

IN MEMORIAM
Smith—In loving memory of my dear husband, Joseph Smith, who passed away one year ago Feb. 25th, 1944.

Sunshine passes, shadows fall,
Love's remembrance outlasts all;
And though the years be many
Or few,
They're filled with remembrance,
Dear, of you.

News of the Boys...

(continued from page 1)

have been awarded the Presidential Unit Citation for their feats.

These submarines are the USS Seahorse, USS Sand Lance and USS Harder.

Of particular interest here is the award to the Sand Lance, Commander Malcolm E. Garrison, U. S. N., since one member of its crew is from this area.

The wording of the Sand Lance citation is as follows:

"For outstanding performance in combat against enemy surface forces in Japanese-controlled waters. Operating far from her home base in bold defiance of a watchful enemy and skillfully evading hostile escorts and concentrated air patrols, the USS Sand Lance penetrated deep into Japanese waters and tracked her targets doggedly under the most dangerous and difficult weather conditions. She continued to strike fiercely and repeatedly, sinking a Japanese cruiser and destroying or severely damaging thousands of tons of enemy shipping. Her splendid achievement against terrific odds and the tenacious fighting spirit and courage of her officers and men reflected the highest credit upon the United States Naval service."

Pictures of the awarding of the citation, and of the Sand Lance at the time when it was launched, are published in the U. S. Navy Magazine for January, 1945.

LAKE VILLA MAN ONE OF FIRST TO VIEW MANILA

Pfc. Ervin Barnstable, the 21-year-old son of a Lake Villa carpenter, was one of the first of the Allied soldiers to look down upon Manila from Tagaytay ridge. He is a member of the 511th Parachute infantry division which seized the strategic high ground overlooking the Philippines capital.

The attack, which was one of the first operations of its kind in the Philippine campaign, was under the command of Maj. Gen. Joseph M. Swing, commander of the 11th Airborne division. The men jumped from 47 troop carrier planes shortly after 8 a. m. Saturday and were guided by phosphorus grenades set off by eight men who had infiltrated through Jap positions during the night.

Pvt. Barnstable's father, Ervin Barnstable of Lake Villa, said his son had previously received the Bronze star for action in New Guinea. He attended Antioch Township High school, and was employed by a garage in Antioch before he entered the service in July of 1942.

Name Thomas B. Casey III. Waterway Engineer

Thomas B. Casey of Springfield has been appointed chief engineer of the state division of waterways by Governor Dwight H. Green.

Casey, who became a member of the waterways division staff in 1932, has been acting chief engineer since Carter Jenkins resigned three years ago. The appointment is effective immediately.

Chief Engineer Casey was among the Illinois state officials who attended the "Chain of Lakes Day" tour of lake region waterways here last fall, under the joint auspices of conservation officials, resort owners and Lions club members.

Both of Meade's feet were severely fractured, one in seven and the other in three places.

JAMES FOX, SALEM, RECEIVES STAR MEDAL

Sgt. James R. Fox, Salem, has been awarded the Bronze Star medal for "meritorious service in combat from Dec. 13, 1943, to Oct. 31, 1944, in Italy." The presentation was made under the date of Jan. 6.

Sgt. Fox enlisted in the Kenosha National Guard unit in November, 1939, and the following summer participated in maneuvers at Camp McCoy, under the leadership of Capt. Melbourne E. Rabedeau.

In October, 1940, he left for active duty with that organization, which was converted into Battery E, 126th Field Artillery, for a year of intensive training at Camp Beauregard, La. He at that time was battery supply sergeant.

On Feb. 1, 1942, the group became part of the 173rd Field Artillery. Fox was promoted to the rank of first sergeant in March, 1942.

Before entering the service, Sgt. Fox was employed at the Simmons plant in Kenosha.

REV. KISTLER SERVES AS CHAPLAIN IN FRANCE

The Rev. Ernst D. I. Kistler, former Methodist pastor in the Salem, Bristol and Wilmot communities, is serving as a chaplain at a camp for German prisoners in France, as well as a roving minister for many American troops stationed nearby.

Rev. Kistler enlisted in the army in February, 1943, and after training was assigned to the post of chaplain at Fort Monmouth, N. J. A year ago he was sent to England, where, because of his knowledge of German, he was made chaplain of a German prison camp near London. In September he went to France.

Describing conditions he found in France, he said, "You in America cannot realize the significance of being an American and living in a land of safety. You would not believe me if I could tell you of the poverty of the French people and of the way they have been robbed during the four long years of occupation. Three million of the best men have been taken to Germany to work in war plants."

Chaplain Kistler, in addition to his religious responsibilities, works on Red Cross cases and censors German literature coming in for the prisoners. He also attends classes in French and German.

S/SGT. HUBERT F. HOBBS RECEIVES AIR MEDAL

A news release from the 15th Army Air force in Italy announces that Staff Sergeant Hubert F. Hobbs, Wilmot, has been awarded the Air medal

for "meritorious achievement while participating in aerial flight." Sgt. Hobbs is tail gunner on a Flying Fortress and is a member of the oldest heavy bombardment group in the Mediterranean theater of operations.

He enlisted in the air forces Feb. 24, 1943, while still a student in the Union Free High school at Wilmot. He later attended the aerial gunnery school at Kingman, Ariz., and won his gunner's wings May 13, 1944.

The organization to which he has been assigned has flown more than 400 combat missions, bombing enemy installations in almost every Axis-dominated country in Europe, from bases in England, North Africa, Russia and Italy.

He flew his first high altitude bombing mission Nov. 22, 1944, when the Fortresses attacked railroad yards at Munich, Germany. Since then he has successfully flown 15 combat missions.

Mrs. Irene La Pisto of Salem, Wis., recently received the following letter from her son, Sgt. Robert J. Janssen, somewhere in France with the Third Army—

"It's your birthday once again dear Mom,

And I'm at a loss for words; Of course I'm not able to send a card;

You know, with a verse, roses, 'n' painted birds....

Anyhow, that wouldn't do—those cards just can't convey

All the love I have for you, especially on this day.

Y'know this seems to be all wrong, For the gift has really been mine!

This day, each year, means another year lived,

With a mother that's true and fine. So I know I never can even the score,

As we start on this new year— But I'll do my best, and send all of my love,

In the words—'Happy Birthday, Mom Dear!'

Pfc. Wilbur C. Turner, New York APO, has a lot of news to tell, and would like to hear some, too—

"Just received the Dec. 7 copy of the News and have just about read all the print off of it. Just got a pay day and have enough paper to print the weekly news on. It takes a lot of paper to make a little money."

"I'm back in a rest area now. I've been in combat, and hope the fellows now in basic realize what they have to face and pay good attention to what they are being taught."

"I've been given the combat infantry badge and hope to send the certificate home soon."

"I haven't been lucky enough to meet anyone from home, but have met several fellows who went through basic training with me."

"The weather here is about like back home. I'm living in a house now, and think it's lots nicer than a fox-hole or dug-out."

"Just had some American beer. We get an issue of two bottles per month, also some candy bars. We had our fill of K and C rations and are eating hot chow now."

"They say I'm entitled to one battle star on my ETO ribbon. I've never heard from anyone from town. I guess the folks back home don't think of writing to the boys over here. We'd all like to hear from some one outside of our own family."

SHELLING FAILS TO DETER ANTIOCH SOLDIER

With the 78th Infantry Division in Germany—Corporal Arthur A. Wellman of the 2nd Battalion, 309th Infantry regiment, likes his job as a member of the wire crew of his company. He likes it so well that even heavy German artillery fire cannot keep him from working.

Recently he was repairing a communications wire up front when the enemy laid down a heavy artillery barrage. Cpl. Wellman hopped into a foxhole and made the necessary repairs to keep communications open.

He remained at his job, for the barrage had put other wires out of commission. Then Jerry laid down a mortar barrage. This time Cpl. Wellman refused to take shelter in a foxhole.

Farm Bureau to Hold 30th Annual Meeting Feb. 24

Election of Directors, Talks and Music to Be Features

Election of five directors will take place at the thirtieth annual meeting of the Lake County Farm bureau Saturday, Feb. 24, in the Grayslake Grade school.

Charter members of the organization will be introduced at the gathering, which is to open at 10:30 a. m. Lake county has 47 charter members.

Students from Antioch Township High school are to present musical selections during the afternoon program.

J. B. Countiss, manager of the Illinois Producers' creameries, will be a speaker at the afternoon session, which will also be addressed by an enlisted man from Great Lakes who has returned from combat duty.

Annual reports will be made by the Farm bureau officers and the Lake county farm advisor.

A free luncheon is to be served at noon.

He remained out under the barrage and kept communications open.

Cpl. Wellman is a native of Antioch. His wife, Mrs. Patricia L. Wellman, lives at 90-19 148th street Jamaica, Long Island, N. Y.

NURSE ASKS FOR WASH CLOTHS FOR MEN

An appeal for washcloths to be used by wounded and sick men in the 156th General hospital in England has been made by Second Lt. Alice Brya in a letter to her mother, Mrs. Charles Brya.

Since regular washcloths are at times hard to buy, it is suggested that soft cotton blankets or Turkish towels cut into squares may be substituted.

Lt. Brya is a graduate of Warren Township High school at Gurnee and received her training at Mercy hospital, Chicago. She has been overseas since last June.

PFC. FLOYD CASHMORE WOUNDED IN ACTION

Mr. and Mrs. F. J. Cashmore, Wadsworth avenue have received word from the War department that their son, Pfc. Floyd Cashmore, 19, was wounded in action Jan. 19 while fighting with the 103rd division of the Seventh army on the western front.

They do not know the extent of his wounds nor the hospital where he is now located.

He was graduated from Warren Township High school and entered the army last April. He went overseas in October.

A brother, T/Sgt. Earl Cashmore, is serving with the U. S. army in the Philippines.

cashing in his War Bonds

BEFORE YOU decide to cash that War Bond—wait a minute.

For the last 3 years, you've been buying Bonds steadily—saving part of every dollar you earned.

You've formed the *habit* of saving.

You've been accumulating money against unforeseen troubles or a time of need.

You've been working to build up a nest egg—and by golly, you've got Uncle Sam helping you do it! Every time you put in \$3, he will make it \$4—if you hold your Bond to maturity.

You've been laying aside money to help safeguard your

job after the war, and help guarantee a healthy, prosperous Country for us all.

You've been helping to fight inflation and to keep prices down.

Last, but by no means least, you've been sending your dollars into the fight—backing up G. I. Joe.

You don't want to undo all you've done. It just isn't smart. To say that it's cutting off your own nose is to put it very, very mildly.

DON'T cut off your own nose. Hang on to your War Bonds. Hang on to them till they come due—and meantime, buy some more!

Longer Hunting
Season for Ducks
Being Advocated

House Conservation Com-
mittee at Washington
Debates Changes

Arousing considerable interest here are reports that action is being taken in Washington, D. C., to bring about a longer duck hunting season.

According to these reports, the House Wildlife Resources Conservation committee is debating double-barrelled legislation to change the duck stamp law and also to apply local conditions to a lengthened season.

Chairman Robertson (D-Va.), sees the situation this way:

Under the duck stamp law, a total of about \$1,000,000 is paid by hunters each year into a fund that is devoted to the purchase of refuges in which no hunting is allowed.

The duck population, under such protection, has increased more rapidly than anyone anticipated—from 27,000,000 in 1935 to 125,000,000 this year.

If this program of picking the best feeding areas for refuges is continued without alteration, the time soon may come when hunters will wonder where they can go to shoot, is a frequent complaint.

Robertson thinks that these refuges, totaling 12,000,000 acres, can serve a dual purpose, with part for feeding, and part thrown open for hunting.

Idea Has Possibilities

Dr. Ira N. Gabrielson, fish and wildlife director, testified before the committee that this question "has been running through my mind for some time," and that it "needs to be considered."

Robertson feels that a longer season, possibly from two and one-half to three months, may be advisable under wartime conditions, and that regional regulations to meet local conditions should be applied.

The average hunter goes out only seven days a year, he said, and liberalized regulations would give him a better chance to shoot when he can.

As matters now stand, he added, there are too many birds, a further pinch on shells is anticipated, and the net result will be that the 1945 hunting season will be about 50 percent of normal unless something is done about it.

cashing in his War Bonds

BEFORE YOU decide to cash that War Bond—wait a minute.

For the last 3 years, you've been buying Bonds steadily—saving part of every dollar you earned.

You've formed the *habit* of saving.

You've been accumulating money against unforeseen troubles or a time of need.

You've been working to build up a nest egg—and by golly, you've got Uncle Sam helping you do it! Every time you put in \$3, he will make it \$4—if you hold your Bond to maturity.

You've been laying aside money to help safeguard your

job after the war, and help guarantee a healthy, prosperous Country for us all.

You've been helping to fight inflation and to keep prices down.

Last, but by no means least, you've been sending your dollars into the fight—backing up G. I. Joe.

You don't want to undo all you've done. It just isn't smart. To say that it's cutting off your own nose is to put it very, very mildly.

DON'T cut off your own nose. Hang on to your War Bonds. Hang on to them till they come due—and meantime, buy some more!

Longer Hunting Season for Ducks Being Advocated

House Conservation Committee at Washington Debates Changes

Arousing considerable interest here are reports that action is being taken in Washington, D. C., to bring about a longer duck hunting season.

According to these reports, the House Wildlife Resources Conservation committee is debating double-barrelled legislation to change the duck stamp law and also to apply local conditions to a lengthened season.

Chairman Robertson (D-Va.), sees the situation this way:

Under the duck stamp law, a total of about \$1,000,000 is paid by hunters each year into a fund that is devoted to the purchase of refuges in which no hunting is allowed.

The duck population, under such protection, has increased more rapidly than anyone anticipated—from 27,000,000 in 1935 to 125,000,000 this year.

If this program of picking the best feeding areas for refuges is continued without alteration, the time soon may come when hunters will wonder where they can go to shoot, is a frequent complaint.

Robertson thinks that these refuges, totaling 12,000,000 acres, can serve a dual purpose, with part for feeding, and part thrown open for hunting.

Idea Has Possibilities
Dr. Ira N. Gabrielson, fish and wildlife director, testified before the committee that this question "has been running through my mind for some time," and that it "needs to be considered."

Robertson feels that a longer season, possibly from two and one-half to three months, may be advisable under wartime conditions, and that regional regulations to meet local conditions should be applied.

The average hunter goes out only seven days a year, he said, and liberalized regulations would give him a better chance to shoot when he can.

As matters now stand, he added, there are too many birds, a further pinch on shells is anticipated, and the net result will be that the 1945 hunting season will be about 50 percent of normal unless something is done about it.

Victor H. Walldan,
Gurnee, Dies After
Illness of 1 YearHad Engaged in Farming in
Antioch, Waukegan, Gurnee Areas

Services were held in the Gurnee Community church yesterday afternoon at 1:30 o'clock for Victor Hugo Walldan, 77, Gurnee, who passed away Sunday after a year's illness.

The body lay in state at the funeral home at 236 North Genesee street, Waukegan, Tuesday afternoon and evening.

The Rev. T. H. March officiated at the services. Burial was in Warren cemetery.

Walldan was born in Goteborg, Sweden, and was the son of the late Rev. Brandt and Christine Walldan. He came to this country at the age of 16 and spent much of his life in the Antioch, Waukegan and Gurnee communities, following the occupation of farming.

Surviving are his wife, Inez; three sons, Clinton, of Zion, Pvt. Howard and Pfc. Victor, both serving in the U. S. army in Belgium; four daughters, Mrs. Annette English, Chicago, Mrs. Gladys Barnard, Gurnee, Mrs. Inez Barthel, Salem, Wis., and Mrs. Marguerite Parks of Trevor, Wis., and nine grandchildren.

Two sisters are still living in Sweden.

Corn Borer Shows Gain
In Lake County in 1944

The European corn borer increased in Lake county during 1944, according to information received from the U. S. department of agriculture. The records, based on intensive surveys of specified limited areas, showed an incidence of 139.6 insects to every 100 plants.

The average for Illinois was 117.4 to every 100 plants, and for the entire country, 72.7 to every 100 plants. Infested areas include New England, New York, Pennsylvania, New Jersey, Delaware, Ohio, Michigan, Illinois, Indiana, Wisconsin and parts of bordering states.

It caused a loss of \$28,000,000 in field corn and \$6,000,000 in sweet corn in 1943, according to department estimates.

Care of Disabled and
Dependent, Aim of Group

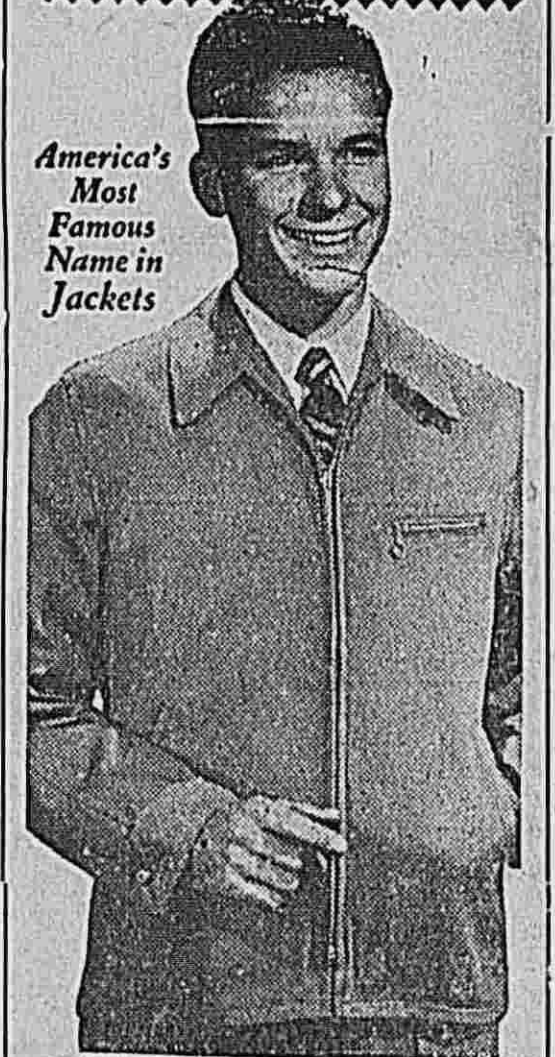

"To care for those who have borne the battle."

This is a first purpose for which the American Legion auxiliary is now enrolling its membership for 1945. Mrs. Maud Johnson, membership chairman, who is directing the enrollment campaign, announced today. "With the American Legion, the auxiliary will defend the rights of the men who come back disabled and of the families of those who do not come back," she stated.

"Membership in the auxiliary is open to all mothers, wives, sisters and daughters of American Legion members, and of deceased service men of both wars," she adds. "It is also open to women who themselves have served in the armed forces and have been honorably discharged." A large committee working under Mrs. Johnson's leadership is now extending an invitation to all such women in Antioch to come into the auxiliary now.

Mrs. Mollie Somerville has just received word of the death of a grandnephew, Harold Kinreed, Feb. 7 in Calcutta, India. Harold, who was a pilot in the Army Air corps, is the son of Mrs. Hazel Kinrade and the late Clyde Kinreed. He was a cousin of Ralph Kinrade, Antioch. His wife, Evelyn, is living in Marengo, Ill.

son's leadership is now extending an invitation to all such women in Antioch to come into the auxiliary now.

"After the last war the American Legion stood by its comrades who were in unfortunate circumstances because of war service and called upon the auxiliary for aid," said Mrs. Johnson. "There was much that we could do. We advocated just laws for the care and compensation of the disabled and dependent families. We provided skilled assistance in the proving of claims for government aid. We gave emergency assistance to families in need, helped keep families together and homes intact. We secured employment for veterans, for widows and for wives of the disabled. In every way the Legion and Auxiliary stood as a friend in need to those suffering because of war service."

We know that the mothers, wives, sisters and daughters of all men who have served their country in either war will want to be with us in this great work, and we are inviting them all to join us now."
